

Race

Design – Cory Grosser

JOHANSON

Introduction

Race is a modern seating series that comprises an armchair and 2-seat and 3-seat sofas. The underlying thought is that the generous proportions will be an invitation to truly relax for a while. The intention is for Race to stand out as the obvious choice in lounges and hotel lobbies, while also finding a natural place in contemporary private homes.

Designer

Cory Grosser is an American industrial designer who has been running his own design studio in Los Angeles since 2002. Today Cory is acknowledged as one of the USA's leading names in product design and has received numerous awards for his work. During autumn 2016 Johanson introduced the first collaboration with Cory Grosser: the series Race.

Material

Seat - Upholstery materials

Johanson offers a very generous range of fabrics, leather and artificial leather from the most reputable suppliers in the world. Should any other material be desired despite the wide selection, it is also possible to suggest other materials. Johanson does not charge start-up costs for handling non-standard materials.

Accessories

Phase

Black / white with details in black. 2 extensions

Power Hub

White with details in black. 3 extensions, 2 network

Phase

Black / white with details in black. 2 extensions, 2 USB

Buttons

Ø18mm, Ø30mm, Ø50mm

Facts

Material

The seat is made in moulded CMHR foam (density 65kg) that meets the highest requirements for flammability (CMHR quality). The base is made of finished/lacquered metal.

Certificate

- Fire certificate (Danak)

 pCon
The image shows the pCon logo, which consists of the text 'pCon' in a bold, sans-serif font, with 'PLANNING' written in a smaller font below it.

Recycling

All steel parts are recyclable.

Before we finish the chrome/lacquer all grease/oil is removed by alkaline wash and then sent for destruction. The lacquering is produced by electrostatic epoxy powder coating that gives a minimum of waste. The electrostatic chrome (chrome 3) is recyclable. The plastic parts that are used are recyclable by grinding. All upholstery and frames of synthetic material are totally without C.F.C. emissions. All glue is water based.

Material declaration

For more information about the product please download material declaration on our website, under Downloads à Product Information at www.johansondesign.com

Facts

Race

Measurements cm

1-seater

Fabric requirement (r.m)	4,65
Leather requirement (m ²)	11,5
Weight (kg)	32,1
Volume (m ³)	0,557

Measurements cm

2-seater

Fabric requirement (r.m)	5,7
Leather requirement (m ²)	15,0
Weight (kg)	62,7
Volume (m ³)	0,928

Measurements cm

3-seater

Fabric requirement (r.m)	7,45
Leather requirement (m ²)	18,5
Weight (kg)	93,6
Volume (m ³)	1,293

Facts

Race

Measurements cm

1-seater with screen

Fabric requirement (r.m)	11,45
Leather requirement (m ²)	22,5
Weight (kg)	63,0
Volume (m ³)	1,123

Measurements cm

2-seater with screen

Fabric requirement (r.m)	14,3
Leather requirement (m ²)	30,8
Weight (kg)	122,0
Volume (m ³)	1,728

Measurements cm

3-seater with screen

Fabric requirement (r.m)	17,15
Leather requirement (m ²)	35
Weight (kg)	182,1
Volume (m ³)	2,345
